IJGEA

INTERNATIONAL JOURNAL OF GLOBAL ENGINEERING & APPLICATIONS

Multidisciplinary • Open Access • International

CALL FOR PAPERS

2026 • VOLUME 1

The International Journal of Global Engineering & Applications (IJGEA) invites researchers, academics, engineers, scientists, healthcare professionals, business researchers, and practitioners to submit original and high-quality research for publication in its multidisciplinary open-access journal.

SUBMISSION OPEN
Original Research • Review Articles • Technical & Applied Studies

About IJGEA

IJGEA provides an international platform for research across engineering, technology, artificial intelligence, computer science, business and management, medicine, health sciences, and related interdisciplinary fields. The journal welcomes studies that advance knowledge, methodology, innovation, and practical applications.

Topics of Interest

- Artificial Intelligence, Machine Learning & Deep Learning
- Computer Science, Data Science & Intelligent Systems
- Electrical, Electronic & Communication Engineering
- Control Systems, Automation & Robotics
- Mechanical, Mechatronics & Manufacturing Engineering
- Civil, Structural & Environmental Engineering
- Energy Systems, Power Electronics & Renewable Energy
- Signal Processing, Computer Vision & Natural Language Processing
- Biomedical Engineering, Healthcare Technology & Neuroengineering
- Medicine, Clinical & Medical Sciences
- Public Health, Epidemiology & Healthcare Sciences
- Nursing, Allied Health, Nutrition & Rehabilitation
- Pharmacy, Pharmacology & Pharmaceutical Sciences
- Medical Informatics, Digital Health & AI in Healthcare
- Business Administration, Management & Entrepreneurship
- Accounting, Finance, Banking & Economics
- Marketing, Human Resources & Organizational Studies
- Operations, Supply Chain, Logistics & Project Management
- Business Analytics, Information Systems & Decision Sciences
- Innovation, Strategy, Leadership & International Business
- Tourism, Hospitality & Service Management
- Interdisciplinary Applications and Emerging Technologies

Article Types

- **Research Articles** — original theoretical, empirical, experimental, computational, clinical, or applied research.
- **Review Articles** — systematic, critical, or comprehensive reviews of significant research areas.
- **Case Studies & Technical/Application Papers** — evidence-based case studies, methods, systems, implementations, and practical applications.

Submission Requirements

- Manuscripts should present original work and should not be under consideration by another journal.
- Manuscripts should be clearly prepared and include appropriate figures, tables, references, and declarations.
- Authors should follow the IJGEA Author Guidelines and publication ethics requirements.
- Submissions should be made through the IJGEA online submission system.

How to Submit

IJGEA

INTERNATIONAL JOURNAL OF GLOBAL ENGINEERING & APPLICATIONS

Multidisciplinary • Open Access • International

Submit your manuscript through the IJGEA online submission system. Authors can create an account, upload the manuscript, enter article metadata, and track the editorial process online.

SUBMIT YOUR MANUSCRIPT
